

HAVAL HE GT

SAY HELLO TO GWM.

For 18 years, GWM has been a trusted name in South Africa, adept at simultaneously designing and producing SUVs, bakkies, and powertrains.

We have established world-class research and development systems that foster continuous innovation, adhering to an “excessive investment” ethos that propels industry leadership.

As a major global automotive player with over 14.9 million vehicles sold in 170+ countries, GWM’s vision is to lead global mobility by harnessing innovative technology to deliver a more refined and enjoyable driving experience.

We continuously enhance our vehicles’ reliability, safety, performance, design, and technological sophistication through relentless innovation and international collaboration.

EXPERIENCE THE BEST

The Haval H6 **GT** has been reimagined, with its coupé-inspired design moving into a standout space of SUV refinement, guaranteed to spark envy wherever you go. The unique features like **Aero Side Skirts**, an expansive cabin and **Semi-Autonomous Driving** capability remain, but there's also a refreshed look with sleek and sporty seats. On the technology front the iconic **GT** now also features **Intelligent Voice Command** for complete control.

The Haval H6 **GT**, transformed into our most dynamic SUV.
